## Saves Time and Money

- If you are currently writing your Animal Supply order by hand, and then submitting it by phone or fax, our Pet Supply Link handheld scanner can save you time and money.
- Animal Supply has invested in some of the best scanner technology available.
- Our goal was to create a tool that would not only make it easier to place an order, but would also help our retail partners manage inventory.

# Pet Supply Link Features

- Wireless Sync
- Automatic Email Confirmations
- Stocking Level Suggestions
- Order History
- Convenient Product Lookup
- Product Updates
- Shelf Tag Orders
- Lower Coastal Dropship Minimums

# Features Continued

- **Wireless Sync**

- Each scanner is equipped with an integrated wireless radio so you don't have to tie up phone or credit card lines while you are submitting your order (**Note: You must have a wireless connection setup**)

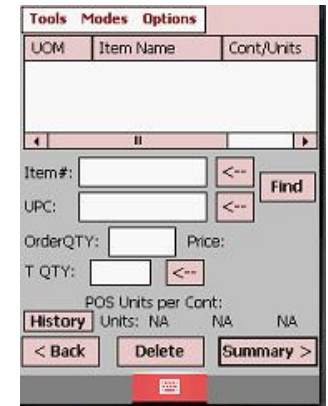

- **Automatic Email Confirmations**

- Automatically sends you back a confirmation of your order to a valid email address

- **Stocking Level Suggestions**

- Allows you to set what you want the stocking level to be on each item, so that you can prevent over or under ordering.

Set "T QTY" to your desired order level

# Features Continued

- **Order History**
  - The unit will save your previous orders so that you can look back through them to see what your usage has been
- **Convenient Product Lookup**
  - Search by item number, description or UPC
- **Product Updates**
  - Units are updated weekly with the most current product additions or price changes

Product Lookup Options

- Shelf Tag Orders
  - Scan the items that you would like shelf tags created for and the system will email you back a pre-formatted sheet of shelf tags that you can print out on Avery Labels.
- Lower Coastal Dropship Minimums
  - Any Coastal order of \$150 or more will automatically be forwarded on to Coastal products and shipped right to your door at drop shipment prices.
