

# Local Everywhere®

Our employees live and work in the same communities you do. Every month, we will be sharing a story of one of our teammates with you. They might be your neighbor, or that guy on the trail running with his dog, or that gal sitting next to you cheering for the high school team. These are the same people who greet you when you call Animal Supply Company, or deliver orders to your store – and we couldn't be more proud of them. We are Animal Supply Company and we are local everywhere.

## Amanda Thompson is Anything but Boring

HOMETOWN  
Randleman, NC

Amanda Thompson may live in a quiet, small town, but her life is anything but quiet. Amanda, her husband Larry, and their two boys 14-year-old Mason and 10-year-old Austin live in Amanda's hometown of Randleman, North Carolina.

And because two boys don't create enough chaos, the family also includes three dogs, a hamster, eight fish and two snails.

"My three dogs are rescues and their names are Roxie, Dixie and Daisy" she explained.

"The hamster was a birthday gift to my youngest son and is named Outlaw because on the way home from the pet store he tried to escape out of the box." The fish and snails remain nameless but are

no less loved. With all that, maybe it's a good thing they live in a quiet town.

"We love living in Randleman because it is a little country town, but we are still close to all the big cities," she said. "It's just a nice little town where everyone knows everyone and Friday night football is what we live for."

Amanda loves watching her boys bowl and play baseball, football, and basketball. She also roots for the Dallas Cowboys and the Atlanta Braves.

When she's not cheering on the sidelines or armchair quarterbacking, Amanda works in our Greensboro Service Center as an Inside Sales Representative on the Customer Experience Team. Her top priority is keeping her customers happy.

"I always listen to their needs, help them find sales that can increase their profits and just always have a positive attitude on the phone with each one of them," she said. "My voice represents Animal Supply and my attitude reflects that of myself and all of my team here in Greensboro."

What she likes most about working at Animal Supply is the people. "The people in our office are always willing to help and it makes for a great work environment," she said. "Plus knowing that we are selling products that help animals live longer and healthier lives makes me feel like I am doing something beyond just having a job."

Because just having a job would be way too quiet for Amanda!
