

# Local Everywhere®

Our employees live and work in the same communities you do. Every month, we will be sharing a story of one of our teammates with you. They might be your neighbor, or that guy on the trail running with his dog, or that gal sitting next to you cheering for the high school team. These are the same people who greet you when you call Animal Supply Company, or deliver orders to your store – and we couldn't be more proud of them. We are Animal Supply Company and we are local everywhere.

## Lindsay has an Unhealthy Reality TV Addiction

### Lindsay Boeddeker

TEAM

Territory Sales Manager

HOMETOWN  
Roseville, CA

Lindsay is our Northern California Territory Sales Manager. Her current addiction is *Real Housewives* but, when pressed, she confessed to watching all reality TV.

"It's not because I think it's all real," she explained. "I have a hard time shutting off my mind and since it is mindless TV, I can finally relax when I watch it."

She watches other shows, like *The Walking Dead*, but finds she gets too invested and will lay awake thinking about the plots. She only watches *The Walking Dead* on the weekends.

When she's not feeding her TV addiction, she spends as much time as possible with her dog, going on walks and going to the park.

"Morgan is my 1½-year-old Rottweiler. I got her to help me feel safe in my home and she is my soulmate."

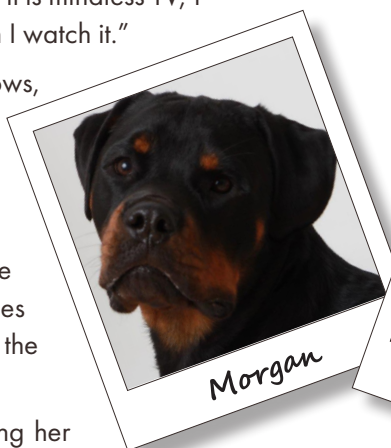

In addition to Morgan, Lindsay has two cats, Sookie and Turdie. Both are 4 years old and were being fostered in one of the stores she serves. Lindsay calls Roseville, California, home. "I like it because I'm close to everything I need and there are great parks and walking trails for me and my dog."

Roseville is also the home of the Boxing Donkey, Lindsay's favorite place to eat out. "It's an Irish pub with the best burgers and fish n' chips," she said. The

fish is Guinness beer battered wild cod and the fries are hand-cut Kennebec potatoes. She eats there every chance she gets and we don't blame her. It sounds amazing!

Lindsay said the best thing about working with Animal Supply Company is being a part of this team, adding, "We all support each other and work together to be the best partners we can be for our stores and our vendors." And, when it comes to her stores, she loves the genuine relationships she has with them. "I treat them the way I would want to be treated," she said. "I treat each customer as an individual and do my best to bring ideas to the table to help them succeed."

Now if she could just find a 12-step program for her reality TV addiction. She laughed, "I'm some kind of special for sure." We agree. She is pretty special, to us.
